Sopapilla Cheesecake

2 lg. cans of Crescent rolls
3 8 oz. pkg. cream cheese
1 1/2 cups granulated sugar
1 1/2 tsp vanilla (pure vanilla is best)
Cinnamon
1/2 stick of real butter

Place one can of rolls in bottom of greased 9x13 pan. Press the seams together. Mix together cream cheese, 1 cup of sugar and vanilla until smooth. Spread mixture on top of rolls. Place the other can of rolls on top of cream cheese mixture. Be sure the seams are pressed together. Melt 1/2 stick of butter and pour on top. Sprinkle with 1/2 cup sugar and 1 tsp of cinnamon. (I use more cinnamon and less sugar, whatever your preference)

Bake uncovered at 350 for about 30 minutes. Let cool for 10-15 minutes.

Serve warm. ENJOY!
